

## Lube-It All<sup>®</sup> Deep Lubricating Oil

LA12

LA06

- Contains Molybdenumdisulphide for superior lubricating performance!
- Silicone Free.
- Forms a thin, dry lubricant coating to reduce friction.
- Displaces 1200 times its volume in water on surfaces and repels moisture to prevent corrosion.
- Does not attract dust.
- Penetrates through fine gaps to deliver coating to assembled parts and obstructed surfaces.
- Can be used on electrical, metal and plastic surfaces, rotating parts and gears.
- Temperature Range: -300°F to 450°F (-184°C to 232°C).

It's simply the best lubricant for protecting parts and machines from corrosion and moisture.

## USE IT EVERYWHERE...

Perfect for industrial, automotive, marine and household applications!

LA01

**Lubricates:** Forms a thin coating to reduce friction and extend the life of parts.

**Protects:** Displaces and repels moisture, up to 1,200 times its volume in water on surfaces.

**Penetrates:** Delivers a lubricating coating to assembled parts and other obstructed surfaces.
