

Product

Universal Bonded Meltblown (SM) Pads, Light Weight

Mfg # PSGS200 • Model # BP6G

Product Family: Universal Sorbents

Product Size: 15" x 19"

Color: Gray

Fluids Absorbed: Universal: Oil, Water and Water Based Chemicals

Absorbs: Up to 30 gal

Weight Class: Light Weight

Shipping:

Shipping Size: 20" x 17" x 16"

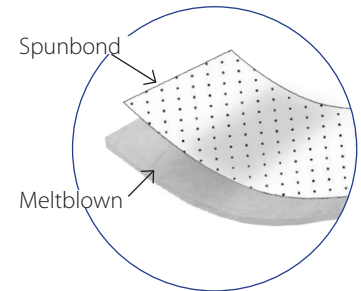

Shipping Weight: 15 lb

Items Per Package: 200/Bale

Quantity Per Pallet: 30

Shipping Class 175

Harmonized Code: 5603.14.0000

One layer of spunbond fabric is bonded to a single layer of meltblown polypropylene.

Product Description:

Bonded (SM) Pads share the same features as our dimpled meltblown pads, plus an extra layer of spunbond polypropylene that is bonded to the top to make the pads low-linting on one side and highly absorbent on the opposite side. The bonding process increases the strength and durability of the pads so they can be perforated like a paper towel. Perforations will help reduce waste and allow you to use the exact amount needed for the job. These pads are the best of both worlds—the lint-free top sheet side can be used to clean and wipe tanks, tools, walls, etc. without leaving lint, you also can use the meltblown side for quick absorption of fluids.

- Dark gray pads hide grime, which makes pads last longer.
- Lint free top sheet makes it stronger and more versatile than standard meltblown.
- Low-linting & highly absorbent

Durability Rating ★★★★★

- ◆ Stronger tensile strength than the dimpled pads & rolls
- ◆ Lint-free side can be used for wiping
- ◆ Perforated every 7.5" vertically and 19" horizontally to waste less

Applications: Industrial & Automotive
