

Elite™ (3/4") Automatic Nozzle

The Elite series of automatic nozzles establishes a new standard for vehicle refueling. The lightweight, single body sand cast aluminum construction produces a smooth working, rugged nozzle specifically designed for endurance.

The Elite Prepay nozzle is specifically designed for self-service or card-lock systems. The no-pressure, no-flow feature enables the station operator to control the dispensing of fuel while the customer has the convenience of a one-hand hold-open mechanism for effortless dispensing. Both of these nozzles will meet the demands of the self-serve station.

Features:

- One-hand hold-open mechanism
- UL/ULC Listed
- Splash shield included with each new nozzle
- Mates with all standard 5/8" and 3/4" hoses
- BSPT and BSPP threads available upon request
- All nozzles available as Self Serve (S)
- Attitude Device (AD) available upon request
- All major oil company colors available
- Custom logo available upon request

Benefits:

- Spout is easily replaced on location
- Full scuff guard protects the nozzle and the vehicle while insulating the user's hand
- Completely rebuildable
- One year warranty
