SUPER VAC 9200VR

SUPER VAC 9210LD SHOWN WITH 4015KIT DUAL HOSE ADAPTER

DUAL HOSE ADAPTER

You can now have the convenience of using both a standard claw nozzle and a crevice tool operated from 1 vacuum without having to change hoses, nozzles, or crevice tools. With the movement of the handle you can switch suction from a 2" vacuum claw nozzle to a 1 1/2" vacuum crevice tool. All vacuums ordered with this option come with 2 hose hangers. You can order this on many 1 or 2 door, pay or free service vacuums. Available on selected vacuum models and must be installed during our production and assembly. This is not sold separately and cannot be installed in the field to existing equipment.

4015KIT

4015KIT Can be ordered as an option on the following vacuum models at this time:

8100	9200	9209	9210LD	9230	9235-3

8500LD	9200-3	9209-6LD	9213LD	9230LD-3	9250LD
8600	9200-3LD	9210	9220	9235	9260
8600LD	9200-220	9210-220	9225-2	9235LD	9270

2-Door Commercial Vacuums

With the easy flip of a toggle switch, you have all the vacuuming power you need. J.E. Adams commercial vacuums are great for lube shops, tire shops, bus barns, trucking firms, car wash and detailing businesses, car dealerships, car rental businesses, vehicle motor pools, and many, many more applications. The J.E. Adams commercial vacs are the same high-quality construction as all our vacuums with a standard on/off switch.
