# Oil-Only Poly Blend Pillow #WPIL818 - 8" x 18", 20 pillows/package

Use SpillTech Oil-Only Pillows to absorb high-volume leaks and spills of oil and other petroleum-based liquids on land or water.

- Poly blend filler is hydrophobic; repels water (and floats) while only absorbing oils and other hydrocarbons
- Pillows are easy to place in hard-to-reach areas; ideal for use under machines and leaky hydraulic hoses or wedge in corners cramped for space
- Versatile product that works for many different jobs; pulls liquids from the floor like a sock, catches leaks like a pan and absorbs spills like a pad
- Ideal for spill response and easy to toss into action
- Large surface area speeds the absorption process and shortens the overall response time on land or water
- Bright white color designates Oil-Only sorbency for oil and other petroleum-based fluids but not water; makes it easy to identify when saturated
