

## Technical Service Bulletin

**To: NeXGen Service and Help Desk Personnel**

**From: Allied Electronics Technical Support**

**Date: January 9, 2015**

**Re: NeXGen Default IP Settings**

Effective immediately, all new NeXGen Forecourt Controllers will be configured with the following default IP settings unless specified otherwise:

IpAddress=10.0.0.100

GatewayIpAddress=10.0.0.1

SubnetMask=255.255.255.0

If needed, these settings can be re-configured manually by a trained technician via the DGS utility.

Please refer to the technical service bulletin [Changing NeXGen Ethernet Settings Rev 2](#) for specific steps on modifying the default IP configuration.
